

# Parent Survey

My number one priority this year is getting to know each and every child and providing each individual with the best education that I possibly can. I believe that a very important step in this is getting to know you too. I understand the role that families have in their child's life and value it. I realize that you are the expert on your child and I would appreciate your help in teaching your child. You know more about your child than I do or ever could and have very valuable information that can help me to teach your child. Because of this, I would like to create a partnership where we can work together. If you could answer these questions in order for me to learn a little more about your child, I would appreciate it!

Thank you!

Student name: \_\_\_\_\_

1. What do you want your child to learn this year?

---

---

2. What do you feel I can do to best teach/support your child's learning?

---

---

3. Are there any struggles your child has that you would like to share? If so, please elaborate.

---

---

4. What are the areas in which your child excels most? Not necessarily school subjects. Ex. math, sports, socializing, etc.

5. What does your child enjoy spending their free time doing?

6. Are there any changes at home that you think could impact your child in the classroom either positively or negatively? If so, please elaborate.

7. Are there any emotional aspects concerning your child that you would like to make me aware of? Please describe. (Ex. extremely shy, easily upset or offended, tries to please everyone, etc.)

8. Please explain the responsibilities or commitments your child has outside of school.

9. What are your expectations of me this year?
